

high quality europe fire helmets/european style safety helmet with inner face protection

Color: Green,Red,Yellow or Customized

Cap material:: PA66

Name of buffer layer::Foam

Standard:EN443:2008 EN166:2001 DIN58610:2006 DIN14458:2004

Type:full face

Shell material:imported Flame retardant PC/ABS alloy

Goggle:flame-retarant PC

Shawl:Aramid aluminum coating

Face shield material:flame-retarant PC and gold plating

Molding technology:Injection moulding

Components:Shell,hoop,goggle,shawl,suspension,buffer layer,chin strap

Max Impact Force: 3780 N

Weight: 1.3kg

Features

1.anti-shock 2.heat resistance 3.Full protection 4.puncture resistance 5.electrical insulation 6,anti-radiation heat 7.anti-corrosion
